## Privacy Policy for Pixelcat Productions

At JBAAuth, accessible from <https://login.justinback.com>, one of our main priorities is the privacy of our visitors. This Privacy Policy document contains types of information that is collected and recorded by JBAAuth and how we use it.

If you have additional questions or require more information about our Privacy Policy, do not hesitate to contact us through email at [support@pixelcatproductions.net](mailto:support@pixelcatproductions.net)

### General Data Protection Regulation (GDPR)

We are a Data Controller of your information.

Pixelcat Productions legal basis for collecting and using the personal information described in this Privacy Policy depends on the Personal Information we collect and the specific context in which we collect the information:

- Pixelcat Productions needs to perform a contract with you
- You have given Pixelcat Productions permission to do so
- Processing your personal information is in Pixelcat Productions legitimate interests
- Pixelcat Productions needs to comply with the law

Pixelcat Productions will retain your personal information only for as long as is necessary for the purposes set out in this Privacy Policy. We will retain and use your information to the extent necessary to comply with our legal obligations, resolve disputes, and enforce our policies.

If you are a resident of the European Economic Area (EEA), you have certain data protection rights. If you wish to be informed what Personal Information we hold about you and if you want it to be removed from our systems, please contact us.

In certain circumstances, you have the following data protection rights:

- The right to access, update or to delete the information we have on you.
- The right of rectification.
- The right to object.
- The right of restriction.
- The right to data portability

- The right to withdraw consent

## **Log Files**

JBAuth follows a standard procedure of using log files. These files log visitors when they visit websites. All hosting companies do this and a part of hosting services' analytics. The information collected by log files include internet protocol (IP) addresses, browser type, Internet Service Provider (ISP), date and time stamp, referring/exit pages, and possibly the number of clicks. These are not linked to any information that is personally identifiable. The purpose of the information is for analyzing trends, administering the site, tracking users' movement on the website, and gathering demographic information.

## **Cookies and Web Beacons**

Like any other website, JBAuth uses 'cookies'. These cookies are used to store information including visitors' preferences, and the pages on the website that the visitor accessed or visited. The information is used to optimize the users' experience by customizing our web page content based on visitors' browser type and/or other information.

## **Privacy Policies**

You may consult this list to find the Privacy Policy for each of the advertising partners of JBAuth.

Third-party ad servers or ad networks uses technologies like cookies, JavaScript, or Web Beacons that are used in their respective advertisements and links that appear on JBAuth, which are sent directly to users' browser. They automatically receive your IP address when this occurs. These technologies are used to measure the effectiveness of their advertising campaigns and/or to personalize the advertising content that you see on websites that you visit.

Note that JBAuth has no access to or control over these cookies that are used by third-party advertisers.

## **Third Party Privacy Policies**

JBAuth's Privacy Policy does not apply to other advertisers or websites. Thus, we are advising you to consult the respective Privacy Policies of these third-party ad servers for more detailed information. It may include their practices and instructions about how to opt-out of certain options. You may find a complete list of these Privacy Policies and their links here: [Privacy Policy Links](#).

You can choose to disable cookies through your individual browser options. To know more detailed information about cookie management with specific web browsers, it can be found at the browsers' respective websites. [What Are Cookies?](#)

## **Children's Information**

Another part of our priority is adding protection for children while using the internet. We encourage parents and guardians to observe, participate in, and/or monitor and guide their online activity.

JBAuth does not knowingly collect any Personal Identifiable Information from children under the age of 13. If you think that your child provided this kind of information on our website, we strongly encourage you to contact us immediately and we will do our best efforts to promptly remove such

information from our records.

## Consent

By using our website, you hereby consent to our Privacy Policy and agree to its terms.

## Your Data

The following list contains a complete set on what data we collect on you

- Your IP Address (For logging purposes, see above and your login history)
- An ID (numeric) generated for your account
- The username you entered upon registering
- The password (hashed with a salt) you entered upon registering
- The firstname you have entered upon registering
- The lastname you have entered upon registering
- The email address you have entered upon registering
- An account flag if you have been suspended or not
- An account flag if you are an employee of Pixelcat Productions or not
- An account flag if you have 2fa enabled or not
- Your 2fa secret
- An unix timestamp of the time when you have activated TFA
- A history of all your login sessions (session token, remember token, IP, Device, If Session is valid, Last Login, Session Creation Time)
- A support token for easier communication with our support
- The language you set
- External Provider ID (If registered with an external provider)
- An account flag if you have registered with an external provider or not
- Forum Account ID (If registered at our forums)
- An account flag if you have an account at our forums or not
- An account flag if you have enabled your authorization timer
- A livechat token for easier communication with our support
- Your uploaded picture to our CDN, stored as an URL. Or by default: Gravatar avatars

We respect your data and provide tools ready for you at our interface to delete and/or download them. The exported archives are stored on our servers for 48 hours and then permanently deleted. You can request an archive once every 30 days but not because we dont like privacy, but rather want to save bandwidth, storage and processing power as the service we offer, is completely free.

Third party companies can create so called "OAuth Applications", they gain access to the data only if you authorize those to. We provide a detailed list of what "scopes" (Permissions) can do to your account and affect your privacy.

Your data is never sold anywhere NEVER. Our Service is completely ad free and runs on either donations, or other income sources such as software sales.

We don't use any third party tracking software such as Google Adsense or any other software. We dont run ads either.

We do not have any "data-share-partnerships" with other companies, thus we only have the info you gave us.
